«Nostalgia is the poetic awareness of our own past.»

Luis Barragán, Architect

We launched our garden collection to bring back the long lost furniture of our traditional garden restaurants. We wanted to recreate some of the mood and the originality that we miss from times gone by. Our design focuses on quality and durability, and all the pieces are manufactured, combining prefabricated parts and a lot of handcraft. On the following pages, we invite you to enjoy thistimelessly beautiful garden furniture along with us.

classic garden table

Cosy and stylish at the same time – that's our classic garden table, inspired by the furniture of traditional Swiss restaurants.

We have given the familiar design a contemporary makeover. So the classic garden table is perfect for all occasions: a dinner for two, a barbecue or brunch with the family.

It comes in many different shapes and sizes and fits a small balcony as well as a large roof terrace.

The classic garden table is available in nine different colours, from tomato red to pastel turquoise. It is folded up with one simple movement and can be easily stowed away when the space is needed for other things. Let the quality and elegance of this timeless classic piece convince you.

thesis garden table

An elegant meal with the family or working from home in the garden – you're welcome at the Thesis garden table.

Its design may be straightforward and clear, but its details are refined. The frame is slightly set back, which makes the Eternit tabletop, only eight millimetres thick, appear light and floating. Alternatively, there is a laminate desktop six millimetres thick. The tabletop is totally available in five colours – take your pick from a luminous shade, a classic dark or reddish warm tone.

Despite its elegant, light appearance, the Thesis garden table withstands any weather. The levelling glides help to balance out uneven terrain. Refined workmanship and minimal use of materials result in a high-quality product that will give you lasting joy.

bistro table

This table doesn't need any decoration, it is beautiful in itself! The classic bistro table offers drinks and canapés on its three elegantly crossed legs, almost like a majestic bird. With an additional storage space in the base, it is very handy on a small balcony or in compact seating area.

The bistro table comes in nine colours, so you can play with colourful highlights or subtle nuances.

classic garden chair

The classic garden chair is perfect for all your favourite outside spots: in your garden, on your balcony, or on the porch of your holiday home. The ash wood slats are slightly curved so that your legs and back feel comfortable.

The frame made of hot-dipped steel ensures stability on any surface.

The rear chair legs are slightly flared and bent – a special feature of the construction.

The classic garden chair is available dipped and impregnated or lacquered in one of nine colours that range from traditional, or understated to bright. Also, it comes with or without armrests – the choice is yours.

A true and long-lasting classic.

garden lounge chair & stool

They complement our collection of classic garden furniture: the garden lounge chair & stool.

The seat of the chair is lowered slightly, the backrest reclines gently so that you can lean back and relax. To complete the arrangement, the stool allows a casual reclining position or provides an additional seat.

For maximum seating comfort, the slats are slightly curved.

The lounge chair perfectly matches the lounge table or the classic garden bench.

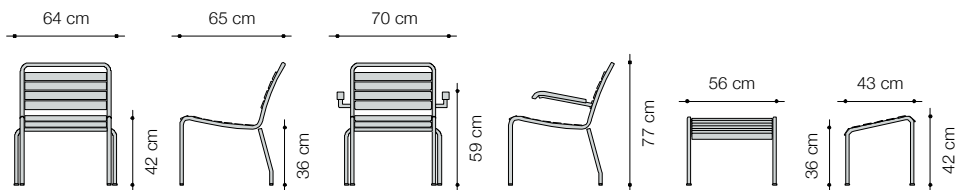

Like all the pieces in the series, the lounge chair is made in Switzerland from hot-dipped steel and solid, weatherproof Swiss ash.

The wooden slats are available dipped and impregnated or lacquered in one of nine colours. The garden lounge chair comes with or without armrests – the choice is yours.

The frame is also available with a powder coating. The lounge chair is timelessly beautiful and will give you lasting joy.

To guarantee this, the wooden slats can be replaced individually.

Such details are important to us.

poly garden chair

The poly garden chair is the little brother of the classic garden chair.

It features same hot-dipped steel frame, but the seat and back rest are made of robust polyurethane.

In bright red, bright yellow, discreet grey and dignified green, the poly garden chair adds a touch of colour wherever it is placed.

There is no compromise when it comes to seating comfort, moreover, the poly chair is weatherproof, stackable and very uncomplicated.

classic garden bench

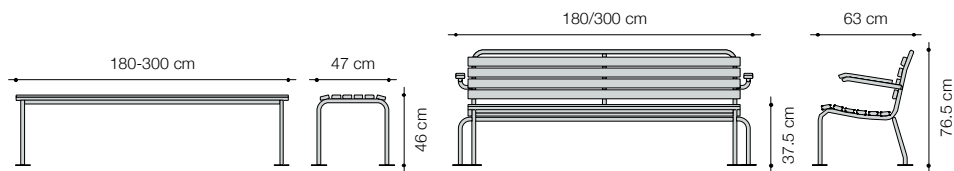

The classic garden bench is beautifully designed, solid and comfortable. Without the backrest, and with a seat height of 46 centimetres, it matches the classic garden table in a garden restaurant or on your patio.

With the backrest, it is slightly lower and designed for a more comfortable sitting position.

This model prefers to stand alone in the park or against a sunny wall.

Seat, back slats and armrests made of weatherproof ash wood are available dipped and impregnated or lacquered in nine colours.

The hot-dipped round steel base provides stability; levelling glides ensure the bench stands firmly on any ground.

garden stool

The garden stool is best described as robust and honest. The concave seat made of solid ash wood rests on a steel base with rounded edges.

The lower model of the garden stool matches the classic garden table, while the higher model serves as a bar stool. Use it for an intimate evening at a table for two or in larger numbers for a movie night at the park – its high-quality workmanship ensures stability and comfort. You can sit on it for hours!

For longevity, damaged slats can be replaced individually.

garden lounge

This lounge is a real eye-catcher. For the design, we have reinterpreted the classic models from the 1920s and 1930s and given them a contemporary makeover.

The base made of hot-dipped steel with slightly rounded edges supports the concave reclining surface made of solid ash wood. The lounge is available in raw wood and in nine different colours.

For a comfortable sitting or lying position, the upper part of the lounge can be adjusted in six different positions. Thanks to the large wheels, it can be moved effortlessly across the tall grass. This straightforward and confident lounge brightens up every garden, and we promise it won't be knocked over by the first gust of wind.

classic garden armchair

Lean back and relax – that's what the classic garden armchair is all about. The elegant cantilever frame makes this armchair extremely comfortable. It invites you to read in the garden or have a cosy chat on the hotel balcony.

Seat and back slats as well as armrests are made of weatherproof ash wood. They are either dipped and impregnated or lacquered in nine colours.

By the way, the classic side table has exactly the matching height.

basilea

Designed by Atelier Alinea for the 150th anniversary of the Stadtgärtnerei Basel, Basilea was intended to incorporate all the qualities of a piece of furniture in a public park. It is weatherproof, vandal-proof, inexpensive, yet beautifully designed and versatile.

Since the public festivities, Basilea can be found in various parks and private gardens around Basel.

It has become a popular icon for everyone: Made of a 80-centimetre-deep and 75-centimetre-high endless steel band, it is both a chair with a backrest and a table with a stool.

Put two together and create a larger table. Arrange several pieces together for an outdoor workshop.

In that sense, Basilea is a real eclectic: play with it or take a break on it, have a meal or a chat. Be creative!
