

classic garden chair

The classic garden chair is perfect for all your favourite outside spots: in your garden, on your balcony, or on the porch of your holiday home. The ash wood slats are slightly curved so that your legs and back feel comfortable.

The frame made of hot-dipped steel ensures stability on any surface. The rear chair legs are slightly flared and bent – a special feature of the construction.

The classic garden chair is available dipped and impregnated or lacquered in one of nine colours that range from traditional, or understated to bright. Also, it comes with or without armrests – the choice is yours.

A true and long-lasting classic.
