

wetli coat rack 0286

The minimalist and elegant Wetli Coat Rack uses the laws of physics and just two mounting points to hold clothes and bags. All rods are made of bright steel, and the tapering wall supports serve as clothes hooks.

The coat rack is 33 centimetre deep and between 38 and 150 centimetres wide. Casually throw your clothes over the hooks or hang them neatly on the hanger.

The Wetli Coat Rack represents sophisticated nonchalance.
