

## wetli vertical mirror 0188

At 30 centimetres wide, 180 centimetres high and 2.5 centimetres deep, this classic mirror with its slender raw steel frame can stand on the floor or hang on the wall.

The brush marks on the welding seams add to the industrial appeal of the mirror, looking very stylish next to the Wetli Coat Rack.

Like all the furniture in the Wetli collection, the Vertical Mirror is characterised by the liveliness of the raw steel and the minimal use of materials.

If lightness is a measure for quality, this mirror reaches a very high score.
