„Independent and timeless design will last for many years.“

Werner Abt, founder of atelier ALINEA

Our furniture was developed with the awareness that the use of material must be reduced in the future – in a smart way and without compromising quality and durability. On the contrary: the furniture should last longer than ever before. 30 years ago, we knew it makes no sense to produce disposable products.

The quality of our products lies in their intelligent construction above all. We still strive to live up to this principle. We hope that we will convince you!

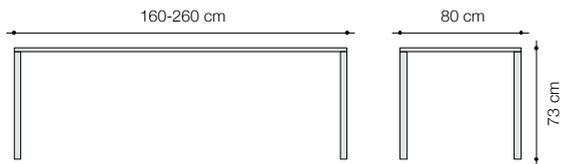

## wetli table 0084

If you love the vibrant expression of raw materials, you will appreciate the collection by Kaspar Wetli. This table's raw steel base provides a perfect frame for the linoleum table top. Cold and warm; hard and soft – the two contrasting materials make the Wetli Table a real eye-catcher, both at home or in your meeting room.

The frame is 73 centimetre high and 80 centimetre wide, and treated with oil to protect it from moisture. The Wetli Table is 160 to 260 centimetres long.

All the pieces of the Wetli Collection are designed with minimal use of materials. The L-profiles of the table legs provide a case in point. Crafted with attention to detail, robust and full of character, this table will please you for a long time.

wetli table 0084

**Dimensions**

160 x 80 x H. 73 cm / 180 x 80 x H. 73 cm / 200 x 80 x H. 73 cm / 220 x 80 x H. 73 cm /  
240 x 80 x H. 73 cm / 260 x 80 x H. 73 cm

Special dimensions on request.

**Technical information**

**Frame:** Steel with anti-rust varnish.

**Desktop:** Inlaid wood with linoleum cover.

## wetli coat rack 0286

The minimalist and elegant Wetli Coat Rack uses the laws of physics and just two mounting points to hold clothes and bags.

All rods are made of bright steel, and the tapering wall supports serve as clothes hooks.

The coat rack is 33 centimetre deep and between 38 and 150 centimetres wide. Casually throw your clothes over the hooks or hang them neatly on the hanger.

The Wetli Coat Rack represents sophisticated nonchalance.

wetli coat rack 0286

**Dimensions**

38 x 33 x H. 27 cm / 65 x 33 x H. 27 cm / 94 x 33 x H. 27 cm / 121 x 33 x H. 27 cm / 150 x 33 x H. 27 cm

**Technical information**

**Wardrobe:** Round steel with anti-rust varnish.

**Suspension:** Inox cord, anchored to the wall with dowels.

## wetli vertical mirror 0188

At 30 centimetres wide, 180 centimetres high and 2.5 centimetres deep, this classic mirror with its slender raw steel frame can stand on the floor or hang on the wall. The brush marks on the welding seams add to the industrial appeal of the mirror, looking very stylish next to the Wetli Coat Rack.

Like all the furniture in the Wetli collection, the Vertical Mirror is characterised by the liveliness of the raw steel and the minimal use of materials.

If lightness is a measure for quality, this mirror reaches a very high score.

wetli vertical mirror 0188

**Dimensions**

30 x 2.5 x H. 180 cm  
Special dimensions on request.

**Technical information**

**Frame:** Steel with anti-rust varnish.

## wetli wing mirror 0288

A quick 360° check before going out is really easy with the Wetli Wing Mirror. This 146 centimetre wide and 180 centimetre high mirror with its finely crafted details adorns every hallway. The three mirror surfaces are framed by a narrow frame made of raw steel and connected by brass fittings.

When the wings are folded in, a small part of the mirror remains visible. The attractive back is made of birch wood stained in black, or of smoked oak.

The surface treatment brings about the dark colour, adds a protective layer and leaves visible the grain of the wood.

This mirror is as beautiful as you!

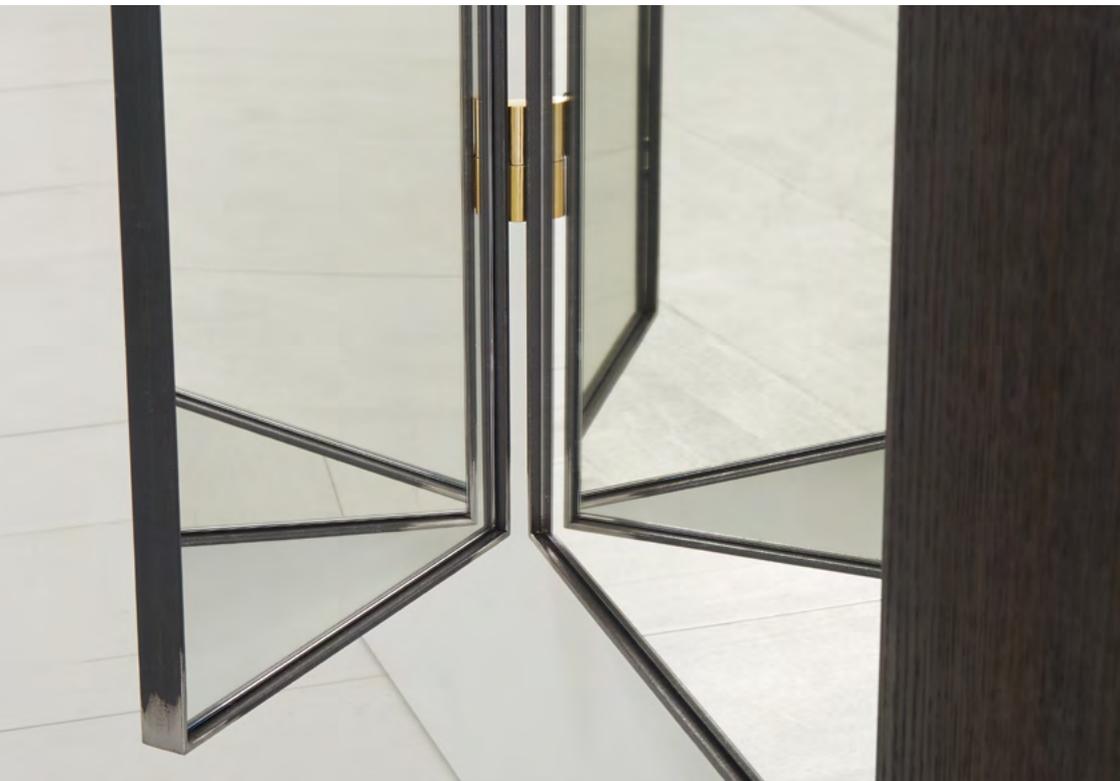

wetli wing mirror 0288

**Dimensions**

146 x 2.5 x H. 180 cm  
Special dimensions on request.

**Technical information**

**Frame:** Raw Steel with anti-rust varnish.

## uni file cabinet 425

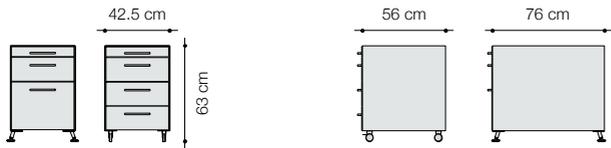

Do you want to keep your office tidy and well organised? The uni file cabinet 425 is an elegant accessory to the uni standard table.

Placed underneath the desk, it serves as a pedestal, replacing one set of table legs or connecting two desk tops.

The uni file cabinet rests on (adjustable) feet or on castors and is available with two or three drawers (A6 and A4 or 3 x A6).

The uni file cabinet is available in two depths to match the uni standard table. Its colours are a plain natural anodised aluminium or a powder coating in dark bronze or black. Note the carefully crafted details such as the rounded edges, a pull-out stop and a central locking system with a cylinder lock.

Helps you dress the inner chaos in style.

uni file cabinet 425

#### Dimensions

**Model A6/A6/A6:** 42.5 x 56 x H. 63 cm / 42.5 x 76 x H. 63 cm

**Model A6/A4:** 42.5 x 56 x H. 63 cm / 42.5 x 76 x H. 63 cm

#### Technical information

**Cabinet housing:** Natural anodized aluminium, or choose between dark bronze and black powder coating. On feet or castors.

**Drawers:** 3 A6 drawers or 1 A6 drawer and 1 A4 drawer with suspended dossier; all cabinets come with a material drawer.

ALINEA

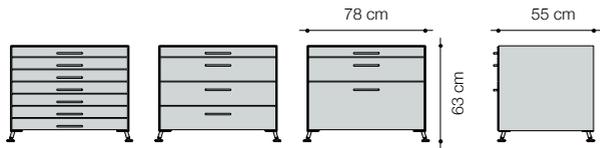

## uni file cabinet 780

Get the big picture: the Unikorpus 780 prefers to stand alone in the room and stores large plans, sketches, drawings and all other office equipment. Thanks to three different drawer sizes, the Unikorpus 780 can be set up flexibly and as required.

Just like its little brother, it is available in natural anodised aluminium or powder-coated in dark bronze or black and can be fitted with levelling feet or castors.

An efficient and attractive organiser.

uni file cabinet 780

**Dimensions**

78 x 55 x H. 63 cm

**Technical information**

**Cabinet housing:** Natural anodized aluminium, on feet or castors.

**Configuration:** 7 units, to be distributed among material drawer (corresponds to 1 unit), A6 drawer (corresponds to 2 units), and A4 drawer for suspended dossiers (corresponds to 4 units).

**Example configuration 1:** 1 x material drawer, 3 x A6 drawer (total 7 units).

**Example configuration 2:** 1 x material drawer, 1 x A6 drawer, 1 x A4 drawer (total 7 units).

## uni sideboard

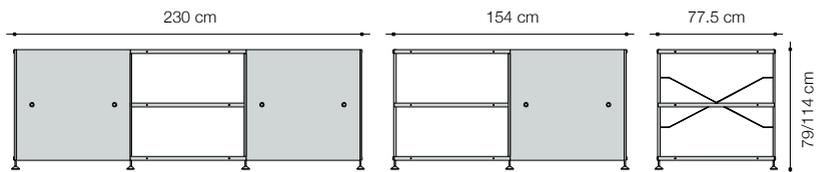

The Uni Sideboard is an all-rounder, and it looks good in your office or living room. You can use it as a file cabinet or sideboard.

Its two modules with drawers or shelves can be combined alongside or on top of each other.

The sliding doors can conceal or showcase what's inside. Thanks to the components available, you can organise the interior of the Uni Sideboard just as you need it.

It is available in natural anodised aluminium or with a powder coating in dark bronze or black. The side panels are made of black MDF with a matt finish.

The Uni Sideboard speaks a clear and unobtrusive design language – just like the other pieces in the Uni Collection.

## uni sideboard

### Dimensions

**Type 2:** 77.5 x 34 x H. 79 cm / Typ 2 x 2: 154 x 34 x H. 79 cm / Typ 2 x 3: 230 x 34 x H. 79 cm

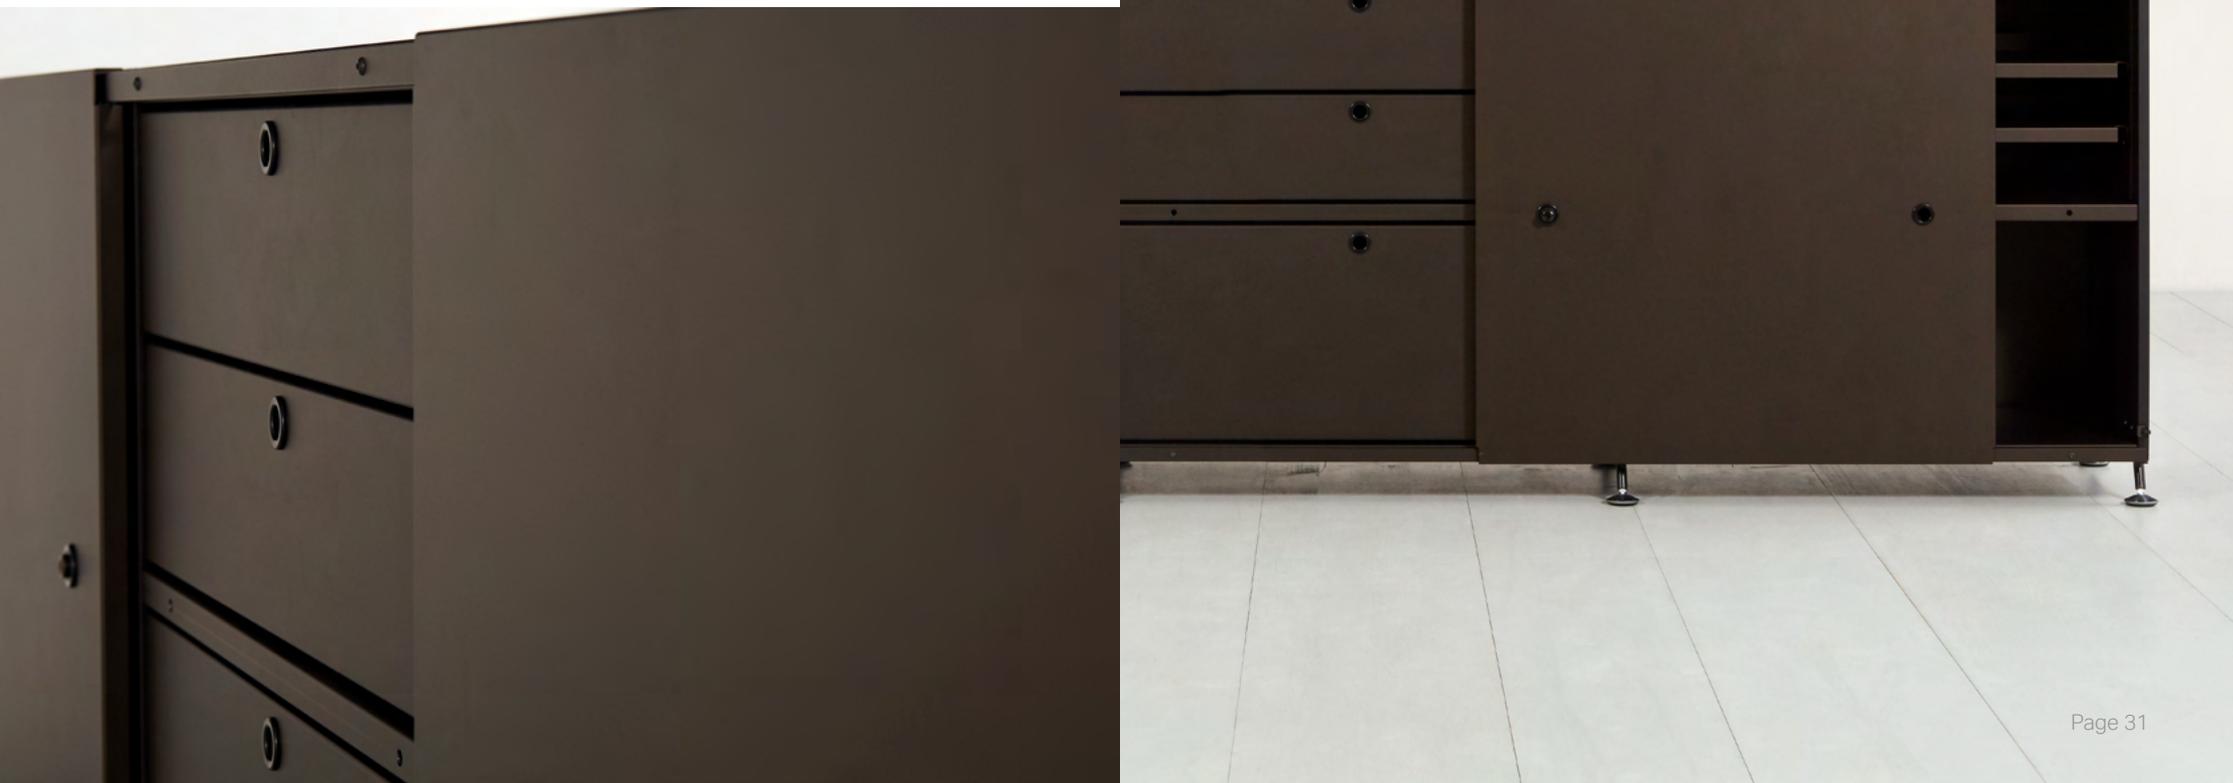

**Type 3:** 77.5 x 34 x H. 114 cm / Typ 3 x 2: 154 x 34 x H. 114 cm / Typ 3 x 3: 230 x 34 x H. 114 cm

### Technical information

**Housing, shelves, back panels, sliding doors:** Natural anodised aluminium.

**Lateral plates:** MDF black with clear varnish.

**Possible built-in components:** Shelf, intermediate shelf, A7-drawer, A6-drawer, A4-drawer, pull-out drawer, file suspension, 9-compartment, 5-drawer unit, sliding door, back panel, stabilizing cross; natural anodised aluminium.

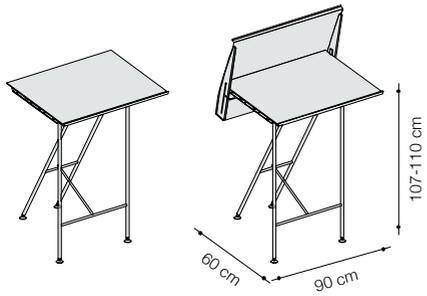

## uni standing desk

Take a stand! Our Uni Standing Desk serves as a small desk or lectern and looks good both in your office and in a lecture hall.

The table top can be tilted steplessly at every angle. Just like the Uni Standard Desk, the Uni Standing Desk features a trapezoidal sheet of aluminium mounted between two thin panels of birch wood veneer. Other wood veneers are available on request.

The Standing Desk can easily be folded for transport, and a lid can be supplied on request.

Flexible, light and elegant, the Uni Standing Desk is a pleasure to use and an asset to every room.

uni standing desk

**Dimensions**

90 x 60 x H. 107 - 110 cm

**Technical information**

**Frame:** Matt chromed steel tubes, with levelling feet.

**Plate:** Aluwave birch, other woods on request.

Optional lid available.

atelier

## uni flip chart

„If we do it, we'll do it right!“, we said to ourselves and completed the Uni collection with an aesthetically convincing flip chart. We're certain that analogue visualisation aids are still important, even in digital times.

The Uni Flip Chart is stable, flexible and easy to use. With just a flick of the wrist, the board can be steplessly tilted or raised up. It is also equipped with a holder for the posters, a clamping device for photos, plans or posters and a pen tray.

The Uni Flip Chart can stand alone, or complement the Uni Standing Desk or the Uni folding table.

uni flip chart

**Dimensions**  
61 x 56 x H. 193 cm

**Technical information**

**Frame:** Matt chromed steel tubes, with levelling feet.  
**Display writing tray:** Natural anodised aluminium.

atelier

## wall shelf

No wall plugs and no supports needed: A single board and gravity are enough to stabilize this shelf. Five shelf boards are lasered out of a large multiplex plate. They are placed horizontally across the plate and held by a steel bracket. When books or other objects are placed on the boards, they press against the wall, thus stabilizing the whole shelf, which casually leans against the wall. Pretty amazing!

The Wall Shelf is 95 centimetres wide, 34 centimetres deep and 208 centimetres high.

A demonstration of good design using very little material.

wall shelf

**Dimensions**  
95 x 34 x H. 208 cm

**Technical information**  
**Wood:** Multiplex birch with clear varnish.

atelier  
ALINEA

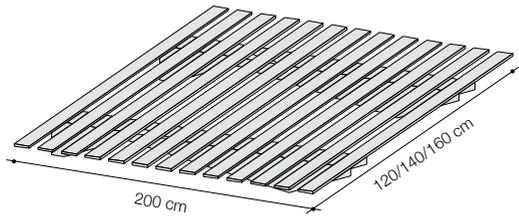

## slatted bed

With its two runners, this slatted bed rests on the ground like a catamaran on water – dynamic and light.

It is easy to pack up, so it is an ideal bed for working nomads and everyone who loves a change.

Minimal use of material and a highly efficient production are its main design features. The bed consists of just a few parts that can be assembled without any tools: Just place the slats on the runners, connect them with a sleeve and secure each one with a bolt. When dismantled, the slats can be stored in the runners, which serve as packaging.

The bed is made of a bent multiplex beech board and is available in three different widths. Enjoy the flexibility and fun of this ingenious product!

slatted bed

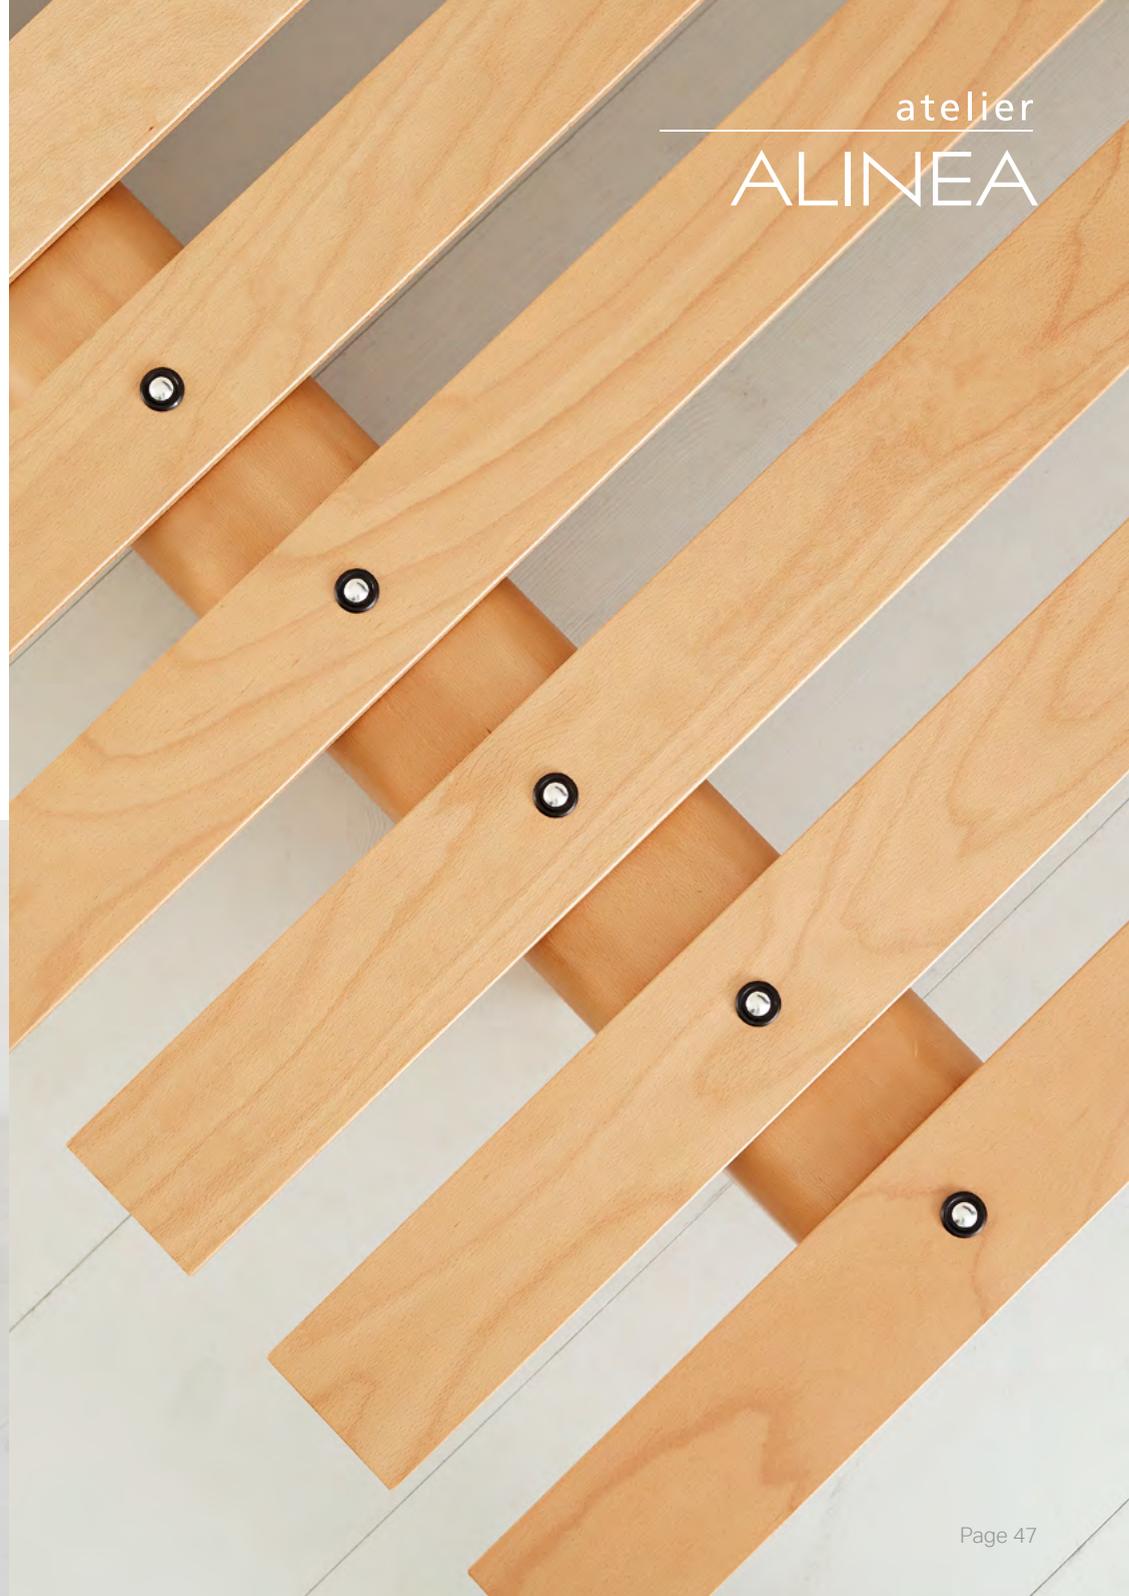

**Dimensions**

120 x 200 x H. 24 cm / 140 x 200 x H. 24 cm / 160 x 200 x H. 24 cm

**Technical information**

**Wood:** Multiplex beech clear varnished.
